### TO ALL PATIENTS WITH HIGH DEDUCTIBLE INSURANCE POLICIES

These insurance plans are a financial burden to our medical practice,  
due to the fact that we do not get paid until:

- 1) We receive an explanation of benefits from your insurance company.
- 2) We have to wait until we run our next statement file.
- 3) We have to wait until we are paid by the patient, which can take up to two months in total.

Unfortunately, this is not a cost effective way for us to run our practice.  
For this reason, we will require that you pay us a minimum of \$50 for  
office visits at the time of the service. We will then send out statements  
for any balance owed after we have received the EOB from your insurance  
company.

We are sorry for any inconvenience.

HUDSON VALLEY PRIMARY CARE

I have read and understand the HVPC Financial Policy. I understand that if I do not abide by HVPC's policy, I may be discharged from the practice.
